Menopause: What Your Ob-Gyn Wants You to Know

Order Now

Tired of sifting through the noise to find trustworthy resources? You're not alone—and you're in the right place.

Developed by ACOG, *Menopause: What Your Ob-Gyn Wants You to Know* is your trusted guide to navigating the menopause transition. This book delivers expert, unbiased, and science-backed information you can trust.

Brought to you by EVERY STAGE HEALTH™
Trusted Ob-Gyn Guidance For Every Body.™

Hot flashes, sleep disruptions, mood swings, vaginal dryness—whether you're already having symptoms or starting to wonder what's ahead, find the evidence-based information you're searching for.

Topics that matter to you

While it's a natural process, everyone experiences the menopause transition differently. Learn how you can...

- Navigate perimenopause
- Manage hot flashes
- Understand period changes
- Make sex more comfortable and enjoyable
- Understand nonhormonal treatments and self-care strategies
- Support your mental health, manage stress, and maintain a healthy weight
- Protect your bones, heart, and brain health for the future

View the table of contents.

Get the go-to book on menopause from ACOG.
